Reading a bit faster, memorizing better, needing less sleep. But before long, he can't deny it: Something's happening to his brain. To his body. He's starting to see the world, and those around him—even those he loves most—in whole new ways. The truth is, Logan's genome has been hacked. And there's a reason he's been targeted for this upgrade. A reason that goes back decades to the darkest part of his past, and a horrific family legacy. Worse still, what's happening to him is just the first step in a much larger plan, one that will inflict the same changes on humanity at large—at a terrifying cost. Because of his new abilities, Logan's the one person in the world capable of stopping what's been set in motion. But to have a chance at winning this war, he'll have to become something other than himself. Maybe even something other than human. And even as he's fighting, he can't help wondering: what if humanity's only hope for a future really does lie in engineering our own evolution? Intimate in scale yet epic in scope, *Upgrade* is an intricately plotted, lightning-fast tale that charts one man's thrilling transformation, even as it asks us to ponder the limits of our humanity—and our boundless potential.

Frogcatchers Jeff Lemire 2020-07-07 Experience a surreal descent into one man's psychosis in this haunting and chilling graphic novel from the New York Times bestselling author of *Roughneck* and *Sweet Tooth*, hailed as "the Stephen King of comics" (Maclean's). A man wakes up alone in a strange room with no recollection of who he is or how he got there. The padlocked doors and barren lobby reinforce the strangeness of this place. This is—as he reads from an old-fashioned keychain beside his bed—the Edgewater Hotel. Even worse, something ominous seems to be lurking in one of the rooms. But when he meets a young companion—the only other soul in this vast, enveloping emptiness—his new friend begs him not to unlock the door. There must be something behind it...but what? A haunted hotel on the edge of reality, an endless bridge spanning an infinite ocean, and a man and a boy looking for a way out. This is the setting for a boundary-pushing, genre-defying new work of fiction by one of comics' master storytellers. "A perfect miniature of memory and loss, affecting and beautifully told in an outstanding use of the medium. A haunting dream of a book" (Warren Ellis, New York Times bestselling author).
